

# ISABEL VON FORSTER

production design

Isabel von Forster grew up in Southern Germany.

After finishing school she took part in workshops at the Vitra Design Museum in Weil am Rhein which allowed her to work with renowned designers.

She studied Product Design at the Fachhochschule Potsdam and graduated successfully. During her studies she received several awards and worked with the Guggenheim museum's shop in Berlin.

A stay in Los Angeles, USA was another opportunity for her to gain experience in the field of the Art department.
